Dr. Kathern Lawson
2225 Haley Barbour Parkway + Director, Federal Bureau of
Yazoo City, MS 39194 Prisons, 320 First St., NW
Federal Bureau of Prisons, Washington, DC 20534
Respondents.

WRIT OF MANDAMUS; AND

WRIT OF GARNISHMENT

Background
Frederick Banks, an attorney at law, admitted to practice in an Indian tribal court in the state of Pennsylvania, with offices at 613 Cross Street, East McKeesport Pennsylvania 15035, under penalty of perjury duly affirms & pro se.

1. I have been asked to represent petitioner Anissa Pates in that action. These

claims were assigned from myself to Petitioner. Petitioner was designated as one of the appointed to handle certain affairs during the term of my incarceration.

2. I make this affirmation in support of an application for garnishment relief through the administrative procedures act 5 USC § 706 compelling the Director of the Federal Bureau of Prisons to furnish the wages of Dr. Kathern Lawson, a psychologist at FCC Yazoo City (low) until she produces the following items she stated she sent to me through the mail, but which I have never received even after I issued a second request. 1. Two cop out requests requesting Privacy Act files on myself 2. A note that Lawson placed in my file during an interview. All of these documents are disclosable effects that I was promised by Lawson and am entitled to under the Privacy Act.

"An inmate request to staff member must be answered within 5 days." CMC Dulton. Here, Lawson stated that the items were sent yet I never received them. At that point I issued another written request for the effects. This request was never answered, and/or I never received the reply. A few days later another inmate told me that Dr. Lawson rolled her eyes and sneered when my name came up. Thus, I have sufficient reason to believe that Lawson is withholding my personal effects. The only way to assure that **RECEIVED** these papers is for the court to issue this writ of garnishment in the amount of \$25,000 against respondent until they have delivered up my papers.

In the alternative papers are not delivered up the court should order that the respondents

there disposable income per week. 15 USC § 1673.

Jurisdiction

This Court has jurisdiction to issue the requested writs pursuant to 28 USC § 1651.

Conclusion

The Petition for a Writ of Mandamus and Garnishment should be granted compelling the Director and Federal Bureau of Prisons to garnish the wages of Dr. Kathryn Lawson until such a time she delivers up Banks' personal papers and effects.

WHEREFORE, The Petitioner respectfully requests that the foregoing Petitions be granted.

Respectfully Submitted,

Frederick Banks
